PUBLIC AI VISIBILITY REPORT

www.10bid.lol

Scanned Aug 24, 2026, 11:02 UTC

OVERALL SCORE

26 /100 Poor

Executive summary

This site is difficult for AI tools to read right now. The main areas needing attention are AI guidance file and plain-text page access. Recommended next step: publish an AI guidance file as text or markdown with more than 200 characters, markdown headings, and at least one absolute URL.

Recommended next step

- 1. Publish /llms.txt as text or markdown with more than 200 characters, markdown headings, and at least one absolute URL.
- 2. Add content negotiation for Accept: text/markdown on the homepage and return a markdown representation with Content-Type: text/markdown. Keep the HTML response for regular browser requests.
- 3. Serve a non-empty HTML homepage with a canonical link tag that points to the preferred public URL.

Signal breakdown

Crawlability	Warn	10/20
Serve a non-empty HTML homepage with a canonical link tag that points to the preferred public URL.		
Robots.txt	Warn	7.5/15
Fix robots.txt syntax issues so each rule uses Field: value format, directives appear under a User-agent, and Sitemap entries use absolute URLs.		
llms.txt	Fail	0/15
Publish /llms.txt as text or markdown with more than 200 characters, markdown headings, and at least one absolute URL.		

Sitemap	Fail	0/10
Publish a valid XML sitemap at /sitemap.xml and reference it from robots.txt so crawlers and AI systems can discover important URLs.		
Markdown support	Fail	0/15
Add content negotiation for Accept: text/markdown on the homepage and return a markdown representation with Content-Type: text/markdown. Keep the HTML response for regular browser requests.		
Semantic HTML	Warn	8.6/10
Add missing semantic elements: article.		
Structured data	Fail	0/10
Add JSON-LD structured data with Organization or WebSite schema so AI systems can identify the site owner or website entity.		
Content signals	Fail	0/5
Add the standard directive 'Content-Signal: ai-train=no, search=yes, ai-input=yes' to robots.txt, HTML metadata, or HTTP headers so AI systems can discover content usage preferences.		

Suggested fixes

Fix Structured data

HTML

```
<script type="application/ld+json">
{
  "@context": "https://schema.org",
  "@graph": [
    {
      "@type": "Organization",
      "@id": "https://www.10bid.lol/#organization",
      "name": "10bid.lol | Only 10 Spots",
      "description": "Discover ten featured products, compare live placements, or overtake a spot to put your product on the leaderboard.",
      "url": "https://www.10bid.lol/",
