ok-ko.io

Scanned Jul 4, 2026, 11:01 UTC

OVERALL SCORE

50 /100

Needs Work

Executive summary

This site has a useful foundation, but important gaps still limit AI readability. Key strengths include AI guidance file and sitemap, while plain-text page access and structured data need attention. Recommended next step: add content negotiation for Accept: text/markdown on the homepage and return a markdown representation with Content-Type: text/markdown. Keep the HTML response for regular browser requests.

Recommended next step

1. Add content negotiation for Accept: text/markdown on the homepage and return a markdown representation with Content-Type: text/markdown. Keep the HTML response for regular browser requests.
2. Review AI crawler Disallow rules and keep only the paths that should be excluded from AI crawler access; serve a non-empty HTML homepage with a canonical link tag.
3. Add JSON-LD structured data with Organization or WebSite schema so AI systems can identify the site owner or website entity.

Signal breakdown

Crawlability

Warn 10/20

Review AI crawler Disallow rules and keep only the paths that should be excluded from AI crawler access; serve a non-empty HTML homepage with a canonical link tag.

Robots.txt

Warn 7.5/15

Review AI crawler Disallow rules and keep only the paths that should be excluded from AI crawler access.

llms.txt

Pass 15/15

The llms.txt file was found and includes the expected text, length, heading, and URL signals.

Sitemap

Pass 10/10

The sitemap.xml file is valid and contains URL entries.

Markdown support

Fail 0/15

Add content negotiation for Accept: text/markdown on the homepage and return a markdown representation with Content-Type: text/markdown. Keep the HTML response for regular browser requests.

Semantic HTML

Warn 7.1/10

Add exactly one h1 element that describes the page topic. Add missing semantic elements: main, article, nav, footer.

Structured data

Fail 0/10

Add JSON-LD structured data with Organization or WebSite schema so AI systems can identify the site owner or website entity.

Content signals

Fail 0/5

Add the standard directive 'Content-Signal: ai-train=no, search=yes, ai-input=yes' to robots.txt, HTML metadata, or HTTP headers so AI systems can discover content usage preferences.

Suggested fixes

Fix Structured data

HTML

```
<script type="application/ld+json">
{
  "@context": "https://schema.org",
  "@graph": [
    {
      "@type": "Organization",
      "@id": "https://ok-ko.io/en#organization",
      "name": "OKKO Flow - qualification et CAPI pour Meta Ads",
      "description": "OKKO qualifie vos leads, s'adapte a votre tunnel existant et renvoie a Meta les signaux utiles via CAPI : lead qualifie, RDV, call qualifie et purchase.",
      "url": "https://ok-ko.io/en",
      "logo": "https://ok-ko.io/logookko.png"
    },
    {
      "@type": "WebSite",
      "@id": "https://ok-ko.io/en#website",
      "name": "OKKO Flow - qualification et CAPI pour Meta Ads",
      "description": "OKKO qualifie vos leads, s'adapte a votre tunnel existant et renvoie a Meta les signaux utiles via CAPI : lead qualifie, RDV, call qualifie et purchase.",
      "url": "https://ok-ko.io/en",
      "publisher": {
        "@id": "https://ok-ko.io/en#organization"
      },
      "inLanguage": "fr"
    }
  ]
}
```
